

ANATOMY

BANDAGING, SUTURE AND CASUALTY SIMULATION

BANDAGING AND SUTURE

STUMP BANDAGING SIMULATORS

Practice and demonstrate standard bandaging procedures. The lower torso is long enough to allow carrying the bandage around the body over the uninvolved hip at the level of the iliac crest. (NOTE: There is no embedded, palpable skeletal material.) Both the upper and lower portions can be used to demonstrate the attachment of prosthetic devices. The upper torso includes the two arms — one is amputated above the elbow; the other above the wrist. Both arms are slightly extended in a patient-like position to facilitate bandaging. The compressibility of the material very closely duplicates actual experience with a patient. The lower torso is representative of a patient in a supine position with legs slightly abducted. One leg is amputated below the knee; the other at mid-thigh.

SBM-39

Upper Stump Bandaging Simulator

Includes an instruction booklet. Individually boxed.
Dimensions: 66 x 46 x 33 cm.
Sh. wt. 7.50 kgs.

SBM-43

Lower Stump Bandaging Simulator

Includes an instruction booklet. Individually boxed.
Dimensions: 89 x 38 x 25 cm.
Sh. wt. 6.80 kgs.

SBM-46

Set of 2 Stump Bandaging Simulators

Includes instruction booklets. Individually boxed.
Dimensions: 89 x 38 x 25 cm.
Sh. wt. 11.80 kgs.

SVQ-30

"Surgical Sally" Bandaging Simulator

A readily available patient with 14 surgical wounds including a Mid-Sternal Split with 2 simulated drains, a Sacral Decubitus Ulcer - Stage 2, and a Leg Amputation Stump. The skin has also been reformulated so it is drier, allowing the bandages to adhere better. Wound closures feature surgical staples for the Mid-Sternal Split, Thoracotomy, Nephrectomy, Laparotomy, Abdominal Hysterectomy, and Amputation Stump. Staples and sutures cannot be removed. Surgical Sally is a replica of a 29" x 17" female. Special vinyl formulations have been used to create the most lifelike look and feel possible. The flexible, flesh-colored skin realistically responds to adhesives and all types of bandaging procedures. Three year warranty. Surgical Sally features the following simulated wounds:

- Thyroidectomy • Mid-Sternal Split - With Chest Tube Drains
- Mastectomy - With Simulated Drain
- Cholecystectomy - With Simulated T-Tube
- Laparotomy • Appendectomy • Colostomy • Ileostomy
- Abdominal Hysterectomy
- Thoracotomy • Nephrectomy • Laminectomy
- Sacral Decubitus Ulcer - Stage 2 • Leg Amputation Stump

The Surgical Bandaging Simulator comes complete with hard carrying case.

Dimensions: 83 x 63 x 30 cm.
Sh. wt. 11.80 kgs.

Suture And Stapling Practice Trainers

Made with a soft vinyl skin over a core of stitchable foam to provide a lifelike suturing experience for students or a realistic suturing demonstration by an instructor. Realistic skin texture with wrinkles, pores, and visible fingerprints. Soft and pliable for easy sewing, the skin is tough enough that sutures will not pull out when tightened. The unit is provided with three "wounds." These "wounds" can be sutured repeatedly until the skin around them is finally worn out; then, new "wounds" can be cut. Although disposable, the arm provides hundreds of suturing experiences before wearing out. Conservatively, over one hundred cuts can be made on the trainer and each of these cuts can be sutured several times. The Suture Practice Leg is complete with a starter suturing kit and instruction booklet.

BPS-45

Suture And Stapling Practice Arm

Complete with a starter package of sutures and instruction booklet.
Sh. wt. 1.10 kgs.
Dimensions: 64 x 18 x 13 cm.

PPS-55

Suture And Stapling Practice Leg

Complete with a starter package of sutures and instruction booklet.
Sh. wt. 2.00 kgs.

CASUALTY SIMULATION

HSK-50 Basic Casualty Simulation Kit

The most economical way to get started in simulated injuries. Reusable wounds and refillable accessories let you practice bandaging and splinting techniques repeatedly.

Contents:

- 1 Compound fracture Tibia, complete with reservoir and pump assembled
- 1 Bottle coagulant makeup blood
- 1 Pkg. powder to make 1 gal. simulated blood
- 12 Assorted stick-on lacerations and open fracture wounds
- 1 Casualty simulation wax
- 1 Pkg. broken Plexiglas® for simulating glass embedded wound
- 1 Ea. grease paint colors: white, blue, brown and red
- 1 Body adhesive for stick-on wounds • 1 Atomizer mist sprayer • 3 Spatulas
- 3 Tongue depressors • 1 Pkg. of methyl cellulose for blood thickening

Dimensions: 38 x 25 x 13 cm.

Sh. wt. 2.26 kgs.

HSK-60 Multiple Casualty Simulation Kit

More versatile than the basic kit, this unit gives you more complex wounds for testing higher levels of skill in bandaging and patient care, while keeping initial expenditures low.

Contents:

- Bleeding strap-on wounds complete with reservoir bags with pump assembly
- 1 Open amputation • 1 Compound fracture of tibia, lower leg
 - 1 Compound fracture of humerus, upper arm • 1 Sucking wound of chest
 - 1 Gunshot wound of palm

Makeup Accessories:

- 1 Bottle coagulant makeup blood • 1 Pkg. of methyl cellulose for blood thickening
- 3 Packages powder to make three gallons of simulated blood
- 24 Assorted stick-on lacerations & open fracture wounds
- 1 Body adhesive for stick-on wounds • 1 Casualty simulation wax
- 1 Pkg. broken Plexiglas® for simulating glass embedded wound
- 1 Ea. grease paint colors: white, blue, brown, and red
- 4 Reservoir bags with pumps assembled
- 1 Atomizer mist sprayer • 3 Spatulas • 3 Wood Tongue Depressors

Dimensions: 53 x 30 x 25 cm.

Sh. wt. 5.00 kgs.

HSK-70 E.M.T. Casualty Simulation Kit

Contents:

Bleeding strap on wounds complete with Reservoir bags with pump assembly

- 1 Jaw wound • 1 Abdominal wound with protruding intestines
- 1 Sucking wound of the chest
- 2 Compound fractures of humerus, upper arm
- 2 Compound fractures of femur, upper leg • 1 Laceration of forehead
- 1 Leg amputation • 2 Compound fractures of tibia, lower leg
- 2 Gunshot wounds of palm Non-Bleeding Simulated Wounds:
- 1 Phosphorous burn of hand • 1 Face in shock
- 1 1st, 2nd, 3rd degree burn of face • 1 1st, 2nd, 3rd degree burn of chest
- 1 1st, 2nd, 3rd degree burn of back • 1 1st, 2nd, 3rd degree burn of hand
- 1 1st, 2nd, 3rd degree burn of forearm
- 36 Assorted stick-on lacerations & open fracture wounds

Makeup Accessories:

- 1 Body adhesive for stick-on wounds • 2 Casualty simulation wax
- 3 Bottles coagulant makeup blood
- 5 Pkgs. powder, to make 5 gallons simulated blood
- 1 Pkg. of methyl cellulose for blood thickening
- 1 Grease paint each in white, blue, brown, and red
- 2 Pkg. broken Plexiglas® for simulating glass imbedded wound
- 1 Container cold cream • 2 Atomizer mist sprayers
- 1 Plastalene Modeling Paste, white Paste, dark • 6 Tongue depressors
- 1 Tissues • 1 Fake dirt • 1 Charcoal • 1 Petroleum jelly
- 1 Mirror • 2 Spatulas

Dimensions: 61 x 25 x 51 cm.

Sh. wt. 17.45 kgs.

CASUALTY SIMULATION

HSK-80 Advanced Casualty Simulation Kit

Contents:

- Bleeding Strap on wounds complete with Reservoir Bags with pump assembly
 - 2 Compound fractures of humerus, upper arm
 - 2 Compound fractures of femur, lower leg
 - 5 Doz. assorted stick-on injury simulations (1 doz. per pkg.)
 - 1 Makeup palette • 1 Scissors • 1 Mirror • 1 Measuring cup
 - 2 Atomizer mist sprayers • 2 Casualty simulation wax
 - 2 Body adhesive for stick-on wounds
 - 2 Bottles coagulant makeup blood
 - 3 Pkgs. of powder to make 3 gallons of simulated blood
 - 1 Methyl cellulose for blood thickening
 - 2 Pkgs. broken Plexiglas® for simulating glass imbedded wound
 - 2 Fake dirt • 1 Glycerine for perspiration
 - 1 Cold cream • 1 Mineral oil • 1 Charcoal
 - 3 Latex compound to simulate scars • 2 Petroleum jelly
 - 2 Pressure sensitive tape • 1 Plastalene Modeling Paste, white
 - 1 Plastalene Modeling Paste, dark
 - 2 Makeup liners each in red, blue, brown, white, yellow, black, & An assortment of cotton balls, cotton applicators/swab sticks, tongue depressors, tissues, makeup sponges, spatulas are also included in kit.
- Dimensions: 56 x 33 x 38 cm.
Sh. wt. 10.90 kgs.

HSK-100 Deluxe Casualty Simulation Kit

This new kit contains 7 bleeding strap-on wounds and 15 never before seen moulage stick-on wounds. The full line of accessories allows you to create 70 individual wounds, plus use your make-up expertise to create realism in your evolutions. Packaged in a sturdy carry case, the kit also contains instructions.

Contents:

- Stick-on Wounds • Eyeball • Foreign body protrusion • Eviscerated intestines
- Large laceration 5 cm • Medium laceration 3 cm • Small laceration 1 cm
- Compound fractured tibia • Compound fractured humerus
- Compound fractured femur

Makeup Accessories:

- Atomizer • Body adhesive • Cold cream • Cotton balls • Glycerin
 - Mineral oil • Mirror • Pallet • Petroleum jelly • Plexiglas pack
 - Small sepsis wound • Large sepsis wound • Avulsion 3 x 5 cm
 - Major avulsion 8 x 5 cm • Crushed foot • 2nd degree burn
 - 1st, 2nd, & 3rd degree burn • Small flesh wound • Large fracture
 - Jaw wound • Q-tips • Scissors • Spatulas • Sponges • Tape
 - Pocket pak™ tissues • Tongue depressors • Charcoal
 - Fake dirt • Latex • Small fracture • Perforated wound
 - 7 Bleeding strap-on wounds - complete with blood reservoir bags and pumps
 - Impalement lower leg • Broken clavicle • Laceration of forearm
 - Liners: black, white, brown, red, flesh, blue, yellow • Simulation wax
 - Plastalene: dark, white • Methyl cellulose
 - Blood Powder • Coagulant blood
- Dimensions: 56 x 33 x 38 cm.
Sh. wt. 10.90 kgs.

Manikin CPT-15
(Is not included with this model HSK-90)

HSK-90 Manikin Moulage Kit

For use on the Trauma CPR Manikin. Application of these realistic bleeding moulages to a full-body manikin facilitates quick identification, diagnosis, and dressing of wounds by trainees. Kit includes compound fractures, contusions, lacerations, evisceration, sucking chest wound, impalement, crushed foot, jaw wound, and projectile entry and exit of arm. These bleeding wounds strap on and are complete with pump assembly. Simulated blood is included. Non-bleeding strap-on wounds include 2nd and 3rd degree burns of the chest, back, forearm, and face. Manikin sold separately. Sh. Wt. 4.10 kgs.
